

# Chapter 9 - Operation Mockingbird

Ako matagal ko nang pinakawalan ang Television. 2008 pa lang before ako magcollege wala na kaming TV. Pagpunta ko pa sa UPLB, wala rin naman kaming TV sa apartment. Nagka-TV na lang kami 3rd year na ako, at naka- antenna pa. Di uso manuod ng TV sa Elbi pwera na lang sa common rooms. Nakakapagtaka ba o di na nakakagulat? Na kahit mahihirap na pamilya at may TV sa sala. Sa ngayon naman kung walang TV set ay may china phone na kayang maging TV para sa ilan. Naging parte na ng kultura natin na sa sala may TV sa gitna. Na sa almusal manunuod ka ng morning news. Sa tanghali, manunuod ka ng noontime shows. Sa gabi Balita ulit. It was routine for everyone. It was NORMAL. Noong wala pang cable TV, may newspapers naman. Nung mga panahon pang kailangan pang pukpukin yung mga TV na may likod (oo di lang flatscreen meron!) para lang luminaw yung TV, at kailangan umakyat ng bubong para ayusin yung antenna. Oo ayusin yung sungay ng makinaryang sisira pala ng brain cells mo. Ano routine ng karamihan? Bibili ng pandesal sa umaga tapos bibili ng Dyaryo. Parents natin nun magkakape at magbabasa. Sayo yung comics, kay daddy yung mga headline, kay mommy yung entertainment. Tapos “adulthood” ka non kapag nagbasa ka ng ibang parteng hindi comics. News evolved a lot. From paper, to TV screen, now to online websites and youtube videos. They tell you about politics, traffic accidents, current events etc. We assume that everything they say is journalistic truth. That everyday they work hard to find news that is real, current and happening. Pero pano kung one day magdecide sila magsinungaling? Or meron palang mga topic na kailangan malaman ng tao pero di nila pinapalabas? Pano kung may bilyonaryo pala magbayad sakanila at may motibong gusto? Follow the Money Yan ang #1 na tumulong sa akin upang mahanap ko ang tunay na pakay ng mainstream media. Sa US apat na corporations lang ang may ari ang 90% ng lahat ng media. Comcast, Walt Disney Corp., Turner Broadcasting, National Amusement. Dati ay 6 na naging lima na nga lamang ang companies kasi binuyutan ng Disney ang 21st Century Fox.

Is information supposed to be monopolized? How do these corporations grow their money? Who are they

affiliated with at the top?

Ang kulit ko e. Gusto ko talaga malaman kung sino mga mapeperang tao na nagpapatakbo ng mundo.

Kasi the ones who own the money run the world.

Eh pano tong susunod na tanong? The ones who own the media controls the mind of the people.

Totoo

kaya to?

Kung magquicksearch ka sa Google( better if Duckduckgo or Brave) ng "TV Patent", lalabas ang patent #

US506148B2, entitled "Nervous system manipulation by electromagnetic fields from monitors"

Fuuuuck! Totoo ba tong nakikita ko at nababasa ko? Technology patent para magmanipula ng utak?

Fuckity Fuck! Pasilipin ko sainyo kung ano nakalagay doon. Di katagalan ay magkakaroon tayo ng silid-aklatan parehas pisikal at digital para sa mga impormasyong ganito na hindi naman pinapakita sa

iskwela o kahit saan.

Eto yung abstract:

Physiological effects have been observed in a human subject in response to stimulation of the skin with

weak electromagnetic fields that are pulsed with certain frequencies near 1/2 Hz or 2.4 Hz, such as to

excite a sensory resonance. Many computer monitors and TV tubes, when displaying pulsed images, emit

pulsed electromagnetic fields of sufficient amplitudes to cause such excitation.

It is therefore possible to manipulate the nervous system of a subject by pulsing images displayed on

a nearby computer monitor or TV set. For the latter, the image pulsing may be imbedded in the program

material, or it may be overlaid by modulating a video stream, either as an RF signal or as a video signal.

The image displayed on a computer monitor may be pulsed effectively by a simple computer program.

For certain monitors, pulsed electromagnetic fields capable of exciting sensory resonances in nearby

subjects may be generated even as the displayed images are pulsed with subliminal intensity.

Gaaah!

This is more than possible! This one made me question. Bakit sobrang hyped ng media sa Coronavirus at

sobrang nakatiming pa sa Chinese New Year? Historical Media Mileage, pang Guinness World Record!

Bakit tila super coordinated ng worldwide media pagdating doon? Pwede pa ding mali ako. Pero tignan

natin.

This opened my mind and my attitude to probably distance myself more sa mainstream media and

try to

look at other sources as well.

Look at the Message, Not The Messenger

When I started speculating about the legitimacy of the Pandemic, I started sharing on Facebook.

Dun dun

dun dun! Haha. Hindi biro magpost dati pag kinwestyon mo ang Pandemic! Two kinds of people started

to react. Let me call them Kyle and Karen.

Karen is like someone on my friend's list na di naman kami nakapag-usap talaga pero biglang is magcocomment kasi may napansin siyang salungat sa paniniwala nya sa post mo.

Kyle is curious, open-minded, calm and willing to look at both sides of the story before coming to a conclusion or hold judgement before concluding anything at all. Admittedly, I was a Karen but I knew

deep down I was a Kyle. I just try to remind myself always, don't go Full Karen.

I posted these facts about COVID-19 on my facebook page:

“FACTS OR THEORY?”

This whole pandemic and shutdown has been very bizarre but here are some more facts that makes you

think, “what in the world is going on here?”

Fact 1. The Covid19 virus likely came from bats - the intermediate horseshoe bat.

Facts 2. It's reported that the Chinese Wet Markets were not selling bats before the outbreak. As Tucker

Carlson reported, “there are no known colonies [of the bat] within 900 kilometers of Wuhan”

Fact 3. There are two labs right next to the Wuhan wet markets. The Wuhan Institute of Virology and the

Wuhan Center for Disease Control and Prevention.

Fact 4. It is reported that these Wuhan Labs did have horseshoe bats as the Chinese Government Researchers were studying them and their viruses.

Fact 5. The Wuhan Institute of Virology is run by the Chinese Academy of Sciences.

Fact 6. Bill Gates, who is said to have “predicted” an outbreak years ago, is one of the biggest donors to

the Chinese Academy of Sciences and was awarded their highest honor.

Fact 7. Bill Gates has advocated for “an extreme shutdown” of the economy “indefinitely” until there is a

vaccine and is investing “billions” into developing a vaccine for covid19.

Fact 8. Certain medical experts, like Dr Ezekiel Emmanuel (A Joe Biden advisor and Obamacare Architect) have been saying that the economy cannot return to normal until the population is mass vaccinated 18 months from now.

Fact 9. Dr Fauci, the director of the National Institute of Allergy and Infectious Diseases, who walked

into the Oval Office and told President Trump to shutdown the economy, has a very close and long time

relationship with Bill Gates and the Gates Foundation, as the Gates Foundation are big donors to Fauci's

Institution. He also is a deep state Obama Hillary supporter.

Fact 10. Hydroxychloroquine is an old Malaria drug that has been seen to be effective treatment against

Covid19. Lupus patients take this drug and have not been infected with COVID19. Countries that fight

Malaria and take this drug have also not had any Covid19 outbreaks.

Fact 12. Despite the on field testimony of doctors who have been using Hydroxychloroquine to treat

covid19 with great effectiveness, Dr Fauci has been very much opposed to the use of this drug and is still

pushing for a long term economic shutdown until there is a vaccine.

Fact 13. Bill Gates has also opposed hydroxychloroquine as “unproven” treatment for Covid19 and continues to push for a long economic shutdown until there is a vaccine.

Fact 14. So the man who wants to sell the world the vaccine for this virus has ties to

the Wuhan lab where this virus likely originated.

I’m not interested in unprovable conspiracy theories. These are just some facts.

Additional Facts: a global economic collapse would be the perfect scenario for the the long desired establishment of a one world socialist government - new world order.

Collapse the global economy so that the government and World Bank (IMF) can rebuild it. The International Monetary Fund (IMF) and the World Health Organization (WHO) are both heavily involved

in this crisis and are both departments of a World Government.

Bill Gates is also one of the biggest donors to the World Health Organization. Besides Covid19, Gates is

also involved in the Climate Change propaganda, another crisis to usher in a one world government. And

selling a vaccine for a global pandemic would provide more needed funds to establish a one world order.”

End of Post

Bill Gates, our Lord and Savior?

A Kyle warned me: Irereport ka na soon!

Another Kyle said: Hmm not sure about the additional facts but some of the enumerated ones were mentioned here:

<https://lifestyle.inquirer.net/360950/research-paper-by-chinese-scientists-shows-covid-19-came-from-wuhan-biolab/>

<https://www.youtube.com/watch?v=3bXWGxhd7ic>

With the existence of Kyle, during these times, there were lots of outspoken Karens!

A Karen commented:

"Omg.. the mere mention of tucker carlson gave me the chills... Whoever wrote this is a huge fan of fox

news.. Last week i tried watching 5minutes of him and i could not get a bigger palm to hit my face with...

Di sila naniniwala na social distancing and stopping business helps fight the pandemic, they believe that

this is all a conspiracy, and we should all be wary of what these people (the people that warn about taking chloroquine-kung anu man un gamot na un di ko kabisado, spell check lang yan lol).. so

yeah

please don't share this propaganda.."

The Kyle was concerned, and she witnessed friends of her na videos that they posted were being reported

and then became "Unavailable content" already. Censorship?

Si Karen naman inuna yung person or yung "messenger" . Again, Look and discern the message, not the messenger.

Right now Tucker Carlson, has the highest ratings in all of News TV. Yes right wing conservatives favor

him sure, leftists don't like him. Liberals don't like fox news especially because of him. But the question is

Fact #2 a lie? I've watched a documentary about Chinese Scientists and Doctors surveying the Wuhan Wet

Market, that there are no horseshoe bats within miles within the area! That is the message of Fact #2.

Look at the message, not the messenger! Kung may taong grasa ang nagsabi ng Fact, magbabago ba ang

Fact o Fact pa rin? Kung ang Doctor, Hari o Presidente ay nagsabi ng kasinungalingan, magiging totoo ba

o kasinungalingan? Again the message carries the fact, the frequency, the messenger is only a deliverer. It

should not hurt our pride who ever says a Truthful message, kahit ano pang posisyon o titulo nya. Another Karen typed on the comment sections: "The covid is very much natural..but it went to Hollywood

and deserve the lamplight. - for beating god. Not the run-of-mil type of 'movies' that's afraid to of end the

religious sensibilities. But this one is for real. It can render human extinction on the planet. Hard facts is

more 'exciting' than conspiracy theories."

The ratio of comments are balanced. A Kyle also commented: "The likelihood that corona virus is man

made is very high... if you are aware..viruses like SARS, HIV, ZIKA, Ebola are all patented..."

Syempre I needed to dig on that kung totoo nga. Lo and behold, try searching for yourself. Each virus

has a patent! How come "natural" viruses are patented? Is it normal to patent natural viruses? Is it legal?

Is it ethical? Or is it manipulative? Try it for yourself. Ang panahon ng pagsusubo ng impormasyon parang sanggol na sinusubuan ng magulang, ay tapos na. Responsibilidad nating lahat ang ating paniniwala at katotohanan!

Then there is a Half-Karen, Half-Kyle which I was well:

"This looks very similar to the conspiracy theory on Titanic, the perfect murder to drown all politicians

against the establishment of the IMF and World Bank. I've read around scientific websites on google

saying it's impossible that the virus is man made. There is biological proof on the strain etc. If it came from the lab it could be similar to how penicillin was discovered, just more dangerous. But if this is true, it is evil at its finest. “

Napapansin nyo ba yung pattern? Either people are calm about it and talk, or others conclude already targeting the messenger and being emotional about the topic. Some are open to the possibility that this is not natural, going further and providing rabbit holes/ evidences while some end up labelling it a conspiracy theory.

Naalipungatan na? Tama na tulog. Gising Maharlika!

Infiltration not Invasion

The media used the same tactics to dispel “conspiracy theorists”. You are made fun of when you are a “conspiracy theorist”. You are one of the 'crazies' in societies if you believe in them. You have to go back to 'reality' instead of focusing on the conspiracy theories.

In recent history, super daming conspiracy theories na na-prove na as conspiracy facts or atleast near possible more than it was “impossible” and should stay away from. Twin Tower bombing – A lot of people already know the truth about this. Pizzagate – Jeffrey Epstein hosts pedophile parties at his islands with known celebrities UFOs - CNN and Pentagon releasing footage of “vehicles that are not from this world”.

I'd rather be made fun of while in search for truth instead of taking the media's word for it! Sawa na ko sa mga bully. Dati akong pikon, ngayon keber!

That's exactly how my journey went from being a Karen into a Kyle. When I was a Karen I had no hate comments or laugh reacts on my posts. When I was discovering the Kyle in me, there I garnered laugh reacts and comments full of Political Correctness and/or ending up concluding that whatever I say is a conspiracy theory even if I provide tons of evidences and facts! There were times that I would think twice, should I share a particular fact or rabbit hole even if this will counter the mainstream narrative?

Should I share this even if I know that Karens are lurking?
